

SHAPING THE FUTURE WITH HUMAN VALUES, INFLUENCING CONTINENTS.

VALUES AT THE CORE. THE WORLD AS THE CANVAS.

Dr. FARUK G. PATEL
Founder, Chairman & MD - KP Group

Introduction

Dr. Faruk G. Patel

Dr. Faruk G. Patel, Founder Chairman and MD of KP Group, is a **visionary entrepreneur, dynamic leader, philanthropist** and the driving force behind KP Group, one of India's leading players in the renewable energy sector. With over three decades of business acumen and an unwavering commitment to sustainability, he has transformed KP Group into a powerhouse of Green energy and Green engineering solutions, contributing significantly to India's renewable energy transition.

Under his leadership, KP Group has pioneered innovative solar, wind & hybrid energy projects to the tune of **9.2 GW+ portfolio**, reinforcing its position as a key player in the industry. Dr. Faruk G. Patel's strategic vision has enabled the group to develop and execute large-scale infrastructure projects that align with India's ambitious Net Zero targets. His relentless focus on innovation, quality, and sustainability has led KP Group to remarkable milestones, including successful **public listings of group companies (KPI Green Energy, KP Energy & KP Green Engineering)** and numerous industry accolades. His business acumen has today scaled KP Group from mere 1 Lakh rupee investment to **109+ Billion business empire** (228+ billion - all time high). Today his company KPI Green Energy owns and operates **One of Gujarat's Iconic Private Solar Park** based in Sudi & developing one of our largest solar park, span in 5,862 Acres (CPP+IPP), at Khavda, Gujarat. Recently KP Group has also surpassed 1 GW in terms of installed IPP portfolio. While KP Energy is **Gujarat's #1 Wind Solutions Provider**, KP Green

Introduction

Dr. Faruk G. Patel

Engineering has also installed **Asia's Largest Galvanizing plant** at Matar, Bharuch. As a proud moment, 1MW Green Hydrogen pilot project has also been successfully installed. The group is now aggressively moving forward in the BESS (Battery Energy Storage System), Floating Solar, Offshore & Green Hydrogen Projects.

Coming from a very humble family, has made Dr. Faruk G. Patel a firm believer in giving back to society and corporate social responsibility, actively leading various philanthropic initiatives in education, healthcare, and community development. The business he choose, of renewable energy, is also aligned with his belief to benefit humanity at large. His leadership extends beyond KP Group, as he is recognized for his thought leadership and advocacy for green energy solutions at national and international forums. **World's First Old Age Home for Differently abled** is being developed by KP Group under his leadership. For his exemplary work in the field of philanthropy, he has been awarded the renowned **Transformational Philanthropist of the Year 2026, Mahatma Award, Rotary Lamhe Award and Company of the Year: CSR Commitment.**

Dr. Faruk has a special inclination towards education, and the CSR arm of KP Group, known as KP Human Development Foundation, is associated with **110+ educational institutions** benefitting **~14,500 students** and have additionally adopted 7 institutes (5 Government schools, 1 Private schools and 1 college for differently abled). To date he has delivered lectures in **IIM Ahmedabad** and **IIT Bombay**.

Introduction

Dr. Faruk G. Patel

His passion for innovation and management has earned him **honorary doctorate** from **American East Coast University, USA**. To his accolades **the idea of one tower multiple network**; an idea which **changed the entire telecom industry** and **first to install wind turbines in South Gujarat** region after three years of research; are few. He has already been awarded as **BRICS International Award for Sustainable Energy Leadership 2026, Stars of Gujarat (Hurun India), The Legend of Surat**, the **Leader Award** and many more. He has already made a place amongst wealthiest Indians as per **Hurun India's Rich List**. Under his leadership, **KP Group** has also been awarded **The Best Brand, The Most Promising Brand** and is selected as a **"Great Place To Work"** for four consecutive year.

With sharp business intellect and a passion for clean energy, Dr. Faruk G. Patel continues to drive KP Group's mission of powering a sustainable future, making a lasting impact on industry and society at large.

To,
 Dr. Faruk G. Patel
 CMD, KP Group.

Dear Sir,

We would like to inform you that "Kiran Hospital - 2" is going to be built by "SDA Arogya Trust" based on "No Profit - No Loss". The Hospital will provide very affordable health services to the needy people of every society.

It is a matter of great joy for us that you are also joining this "Kiran Hospital - 2" by donating as part of these social services to be built by "SDA Arogya Trust".

We are pleased to inform you that you have also joined this organization as a "Trustee".

We sincerely thank you with the expectation that the organization will get your support from you in the future as well.

Congratulations to you

About KP Group

Group Portfolio

KP Group

Growth Segments

Expanding Into BESS Solutions

KPI Green has received orders of 565 MW/1130 MWh.

KP Group has signed MOUs with significant players such as Delta Electronics for energy transition using BESS.

BESS enables RTC and FDRE solutions, enhances grid stability, and optimizes energy utilization-positioning it as a key future growth driver.

Expanding into Energy Trading

KPI Green Energy has received CERC and GERC trading licences, enabling participation in Intra-state and Pan-India power trading markets, including exchanges and short-term bilateral transactions.

This will help strengthen Group's renewable portfolio by enabling price efficiency, real-time balancing, and supporting seamless renewable energy integration

Advancing Green Hydrogen Projects

KPI Green Energy has secured a 1 TPD green hydrogen project.

KP Group has Commissioned a 1 MW green hydrogen facility at Matar, Bharuch

KP Group has signed MOUs with strategic partners for green hydrogen offtake, technology collaboration, and fuel adoption.

Advancing Floating Solar Initiatives

KPI Green Energy has received 142 MW EPC Floating Solar Order for Kadana Dam, Gujarat.

Floating solar enables better radiation while optimizing water reservoirs for sustainable power - a future growth engine for the group as well as the renewables sector.

Offshore Wind Opportunities

Consistent high-speed sea winds near Gujarat & Tamil Nadu shores promise high PLF renewable power, stimulate port infrastructure & jobs.

KP Group is currently evaluating and actively participating in offshore wind development.

Pump Storage Projects

Pumped Storage Projects utilize surplus renewable power for pumping and generate electricity during high-demand periods.

India is witnessing strong policy push for energy storage, with PSPs emerging as a key enabler for RTC and FDRE solutions amid rising renewable capacity.

KPI Green is actively exploring entry into Pumped Storage Projects.
